POLICY

Council of the College of Alberta Denturists is required pursuant to section 3(1)(a) of the *Denturists Profession Regulation*, to approve entry-to-practice educational programs for denturism acceptable in matters related to registration as a regulated member. The College is also required, pursuant to s. 3(1)(c) of the *Denturists Profession Regulation*, to approve a registration examination in denturism acceptable in matters related to registration as a regulated member.

The curriculum of an entry-to-practice program and the blueprint for a registration examination are based on a competency profile. Further, the EQual Program, of Accreditation Canada, as the approved accrediting body for the College utilizes the competency profile as the foundation to its assessment standards.

The College recognizes the National Competency Profile for Denturists (2020) as the approved competency profile, for the purposes of accreditation, for the practice of denturism in Alberta. This competency profile approved in 2020 will be examinable at the June 2025 examination administration.
