Scheduled review	Q3 2026

POLICY

Pursuant to section 3(1)(a) of the *Denturists Profession Regulation*, Council of the College of Alberta Denturists is required to approve programs of study in denturist technology, which will be acceptable in matters related to registration.

The Council has endorsed the accreditation process of the EQual program of Accreditation Canada as the mechanism whereby Council approves denturist technology programs for registration matters.

Until such time that the following program receives the accreditation status of accredited or accredited with condition from EQual, it will retain an approved program status with the College:

- (a) Denturist program – Vancouver Community College (Vancouver BC)

In addition, programs holding the accreditation status of accredited or accredited with condition from EQual (Accreditation Canada) are considered an approved program of the College.
